

Action Item Number	Action Item	Statement/Update	Status
GD-1-1-a	Develop a standalone water resources master plan.	The integrated water master plan will be presented to Council in 2016.	UW
ED-1-3	Consider the creation of districts where architectural and design standards would be eased or strengthened, depending upon the surrounding uses and goals and vision of the area.	An entertainment district is in the process of being created in conjunction with the Sign Code Update. It is anticipated to be brought to City Council for review in 2016.	UW
GD-1-1-b	Develop and implement a Water Conservation Master Plan.	Staff are completing a draft that will be circulated for staff comment in the next six months. Citizen input will be gathered through the Water Conservation Committee.	UW
GD-7-2-b	Develop an IWMP that is reviewed annually and updated every five years that is integrated with the growth modeling, economic development projections, engineering hydro-modeling, development impact fees, water resources and supplies, and budget capital improvement planning.	The integrated water master plan will be presented to Council in 2016.	UW
ED-1-1	Identify key trail corridors in the CIP and IIP.	On-road trails are coordinated by the City Traffic Engineer. Off-road trails are managed by Parks. On-Road trails are not started yet.	NSOT
CC-3-3-a	Update and implement the Capital Improvements Program and evaluate its projects using the goals and policies within the General Plan and City Strategic Action Plan.	No updates at this time	NSOT
ED-3-1	Become certified as a Bicycle Friendly City by the League of American Bicyclists.	No updates at this time	NSOT
ED-3-1	Evaluate the potential for the creation of a sub-community wide circulator to serve the Estrella Falls Mall, City Center, and/or other sites.	The Avondale Zoom route was recently extended into Goodyear to provide circulator service along Litchfield Road. Staff is monitoring ridership and waiting for news from Macerich regarding development of the Estrella Falls Mall.	NSOT
GD-7-3-a	Evaluate the cost/benefit of using solar energy at city-owned facilities including street lights.	No updates at this time	NSOT
GD-6-6-a	Develop a traveling display or demonstration area within City Hall and the City Center that provides strategies to reduce outdoor water use.	Staff completed due diligence on site and developed partnerships with two state universities and local school to establish a demonstration area. City leadership has placed the project on hold.	NSOT

GD-6-1-a	Identify appropriate locations for Village Centers in the City to provide the surrounding neighborhoods with a destination for shopping, entertainment, and arts & culture.	No updates at this time	NSOT
CC-6-2-a	Review the activities in the Capital Improvement Program (CIP) and identify/reprioritize activities that benefit neighborhoods in need of revitalization.	No updates at this time	NSOT
ED-2-2	Develop and implement a City-wide remediated groundwater use plan for the Phoenix Goodyear Airport North and South Superfund sites and peer review the plan through the U.S. Environmental Protection Agency, the Arizona Department of Environmental Quality, and the responsible parties of the superfund sites.	No updates at this time	NSOT
ED-2-2	Develop and implement a water resources reservation plan for certain commercial or industrial entities that meet certain economic development criteria and locate in Goodyear.	No updates at this time	NSOT
